Highlights from 2011

One of the highlights of BONUS during 2011 was the completion of the strategic research agenda for the years 2011-2017 – a process that involved over 800 stakeholders in all nine countries surrounding the Baltic Sea. The agenda will be the basis for the policy-driven research to be funded by BONUS during the coming years.

2011 also provided an opportunity to harvest the yield from BONUS's first seeding – the call of 2007: The 16 BONUS+ projects are ending within the coming week and the scientific results that the projects have created are impressive.

BONUS

Hakaniemenranta 6, 00530 Helsinki, Finland.

Email: bonus@bonuseeig.fi

BONUS is a joint research and development programme producing knowledge to support development and implementation of regulations, policies and management practices specifically tailored for the Baltic Sea region. BONUS is supported by the national research funding agencies in the eight EU member states around the Baltic Sea and the EU Commission's Research Framework Programme.
